of the Intelligence Community

Conference Room.*

25X1A 2. [] advised the Group of the initial meeting
of Senator Church, Chairman of the Senate Select Committee
and Senator Tower, Vice Chairman with Mr. Colby, DCI and
25X1A [] on 27 February. Senator Church affirmed the
Committee's positive approach to its review and expressed
appreciation for the security guidelines provided earlier.
He stated the physical security requirements would be
carried out to the letter, that each Staff employee had
been advised that strict security was a condition of employ-
ment and that some form of secrecy agreement would be required
of Staff employees. He assured Mr. Colby that care would be
taken to avoid improper or inadvertent disclosures in public
statements by Staff or Committee members and advised that no
Staff member is authorized to deal with the Press. He noted
that the behavior of the Senators was a matter over which
the Chairman had no direct control but assured the Director
that all of the Committee looked upon this task with great
seriousness. He advised that Mr. F. Schwarz, III, has been
selected as the General Counsel for the Committee. (Mr. Cregar
of the FBI reported that Staff clearances at the "Q" level
are currently being processed. It is anticipated these will
be completed by 7 March.)

3. Senator Church indicated his intent to see President Ford to solicit full support to his inquiry. He also plans to see Vice President Rockefeller and request the material which has been presented to the Presidential Commission to date with the objective of avoiding retracing steps and hopefully completing the Committee's work by early fall. The Committee will wish to go fully into "Covert Action" over the years.

25X1A 4. Senator Church requested that intelligence employees be freed from Secrecy Agreement restraints in order that they might respond fully to any questions by the Committee. The Director observed that he was preparing to issue such advice to CIA employees urging that they be forthright in their responses. The Director will clear this notice with the Staff Directors and their Counsels. He explained that his administrative jurisdiction extended to CIA employees only. [] suggested to the Group that each Agency of the Community using Secrecy Agreements consider the Director's intent and be prepared to meet a similar request. He volunteered to clear the DCI Employee Notice with the Group with the view that it might be useful for other agencies and especially since it will meet the Committee Counsel's requirements. The Director also plans to send a letter to Senator Church pledging cooperation.

5. The organizational arrangements of the Ad Hoc Group was explained with the emphasis placed on responsiveness to the Congressional Committee. [] will meet with Mr. Miller, Staff Director on 28 February to clarify material Senator Church has asked for on the following subjects:

- a. Community organization charts back to 1947 with names of people down to branch level.
- b. Intelligence entities, budgetary data over time.
- c. Legal authorities - classified and unclassified, legislative histories, etc.

6. Mr. Cary, CIA Legislative Counsel, reported on the status of the organization of the House of Representatives Select Committee and distributed draft copies of the House Resolution establishing the Committee, HR 138.
